SECOND CIRCULAR

TECHNICAL WORKSHOP ON INTERNET MACROSEISMOLOGY

LJUBLJANA, SLOVENIA

14 – 15 NOVEMBER 2017

Organizers:

Slovenian Environment Agency (ARSO)

European – Mediterranean Seismological Centre

European Plate Observing System

SECOND CIRCULAR
TECHNICAL WORKSHOP ON INTERNET MACROSEISMOLOGY
LJUBLJANA, SLOVENIA
IMPORTANT: CHANGE OF DATE 14 – 15 NOVEMBER 2017

Organizing Committee

Ina Cević (ARSO) ina.cecic@gov.si
Remy Bossu (EMSC) bossu@emsc-csem.org
Florian Haslinger (EMSC, EPOS)
seismology@epos-ip.org

Important Information: CHANGE OF DATE

Please note that the dates of the technical Workshop have been changed. The reason is the *Marco Mucciarelli Memorial Day* that will take place in Trieste, Italy, on 13 November 2017. As Trieste is approx. 95 km away from Ljubljana, this change creates a possibility to participate in both events. We are sorry for the inconvenience.

Topic of the Technical Workshop

The aim of this workshop is to explore ways in which the macroseismic datasets from different European and Mediterranean countries and institutions could possibly be merged, and to what extent these data should be harmonized, especially for earthquakes affecting different countries, but also with respect to building comprehensive European macroseismic catalogues, e.g. for use in seismic hazard assessment. Presentations of national or institutional methodologies, objectives, collecting systems, studies of merging different dataset etc. are welcome.

Draft schedule:

Day 1: participants present their work practices, explaining the methodology used in their institute to collect macroseismic data by internet, and point out the most urgent problems;

Day 2: open discussions how to address the presented problems, way forward and next steps.

In order to be efficient, the presentations should be strictly to the topic. Examples from current practice are welcome, as well as short demonstrations of how the macroseismic data acquisition systems operate.

Venue

Slovenian Environment Agency
Vojkova 1 b
1000 Ljubljana, Slovenia

Registration

Please register using the following link:
<https://form.jotformeu.com/72052334536350>

Deadline for the registration is 20 September 2017

Abstracts

The link above allows the participants to send the abstracts as well.

Format of abstract: one page DIN A4 (1500 characters).

We don't intend to print the abstract book, but will collect and distribute the abstracts before the Workshop.

Deadline for abstract submission: 20 September 2017

Presentations

Only oral presentations are planned at the moment.

Depending on abstracts submitted, the organizers may ask some participants to present posters.

If the number of submitted abstracts is too large, a selection of the most relevant (by topic and content) may be made by the organizers.

All the presentations will be collected on site and distributed among the participants.
